

Venice

The perfect sun umbrella for NZ conditions

SHADE7
premium outdoor living

The perfect outdoor umbrella for tough commercial environments and windy locations.

What sets our elegant, attractive Venice Pop-Up umbrella apart is the uniquely designed, heavy duty 12mm fibreglass canopy arms. These fibreglass arms can bend and flex making the umbrella super durable and able to withstand wind and rough treatment. This sun umbrella also features strong resin and stainless steel parts and an easy to use push-up and pull-down system for opening and closing. No ugly ropes or pins are used on the umbrella.

Our Venice Tilt umbrella has been specially fitted with a winder operated tilt system, which allows you to tilt the canopy at a 60 degree angle - giving you flexible shade coverage as the sun moves across the sky.

Venice advantages

- Easy & attractive push-up and pull-down system
- No messy ropes or pins
- Lightweight and extremely durable fibreglass arms
- Strong 38mm dia. aluminium pole with 2.2mm wall thickness

Optional accessories

Concrete filled base - silver/black 25kg

A strong and durable concrete filled plastic base with rust-proof design featuring an aluminium spigot.

Premium wheeled base 25kg

A beautifully designed galvanised steel base featuring a polished stainless steel spigot & wheels.

You can use your umbrella with a freestanding base or install it using our stainless steel removable spigot system.

Protective cover bag (Charcoal)

Highly recommended and easy to use. Will double the life of your umbrella fabric.

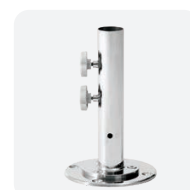

Concrete filled base - silver/black 40kg (double stacked)

A strong and durable concrete filled plastic base with rust-proof design featuring an aluminium spigot.

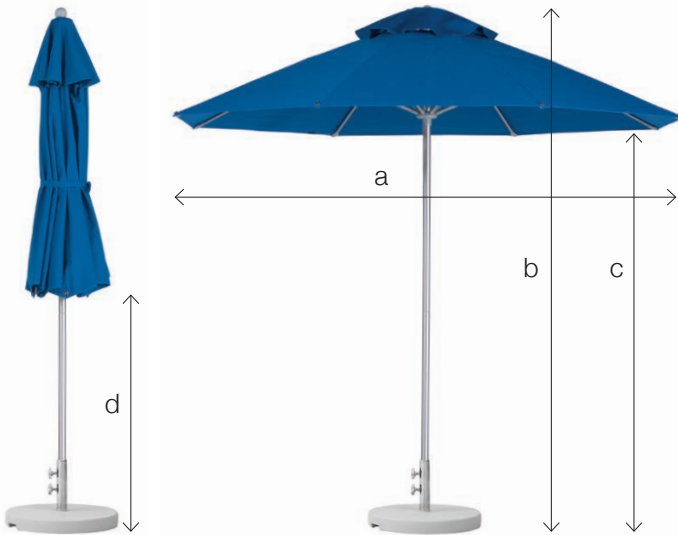

Premium wheeled base 45kg (double stacked)

A beautifully designed galvanised steel base featuring a polished stainless steel spigot & wheels.

Installation kit

For installation onto a wooden deck or concrete patio.

European made acrylic canvas

Our premium solution-dyed acrylic canvas is backed by a 10-year warranty and offers industry-leading performance. It features the highest available colour fastness rating, ensuring long-lasting vibrancy even in harsh UV conditions³. With a UPF rating of 80, it provides outstanding protection against harmful ultraviolet rays.

Solution-dyed polyester

We also offer a select range of heavy-duty 240gsm solution-dyed polyester, known for its durability and performance. This cost-effective fabric is highly resistant to abrasion, offers excellent water resistance, and comes with a 3-year commercial warranty.
