

GALAXY

heavy duty multi-canopy umbrella

SHADE7
premium outdoor living

ELEGANT ITALIAN DESIGN,
COMMERCIAL QUALITY,
MULTI-CANOPY UMBRELLA.

Galaxy Quad with Carbon Black frame and Linen (R126) fabric.

Made in Italy, the Galaxy umbrella has been cleverly designed with an innovative 'Zero effort' opening and closing system assisted by a gas strut, making it extremely easy to use. Options for both Dual or Quad canopies make this extremely versatile umbrella perfect for any space.

Galaxy Dual umbrellas with Cadet Grey (R138) fabric.

COMMERCIAL QUALITY

The Galaxy has been constructed with a durable powder coated aluminum frame and a premium solution-dyed Acrylic canvas roof, making the Galaxy umbrella incredibly strong and long lasting. This umbrella is perfect for commercial environments where quality and durability are essential. You'll find Galaxy umbrellas in the finest resorts, bars and restaurants all around the world.

Galaxy Dual with Carbon Black frame and Linen (R126) fabric.

GALAXY ADVANTAGES

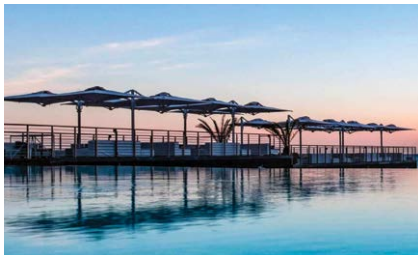

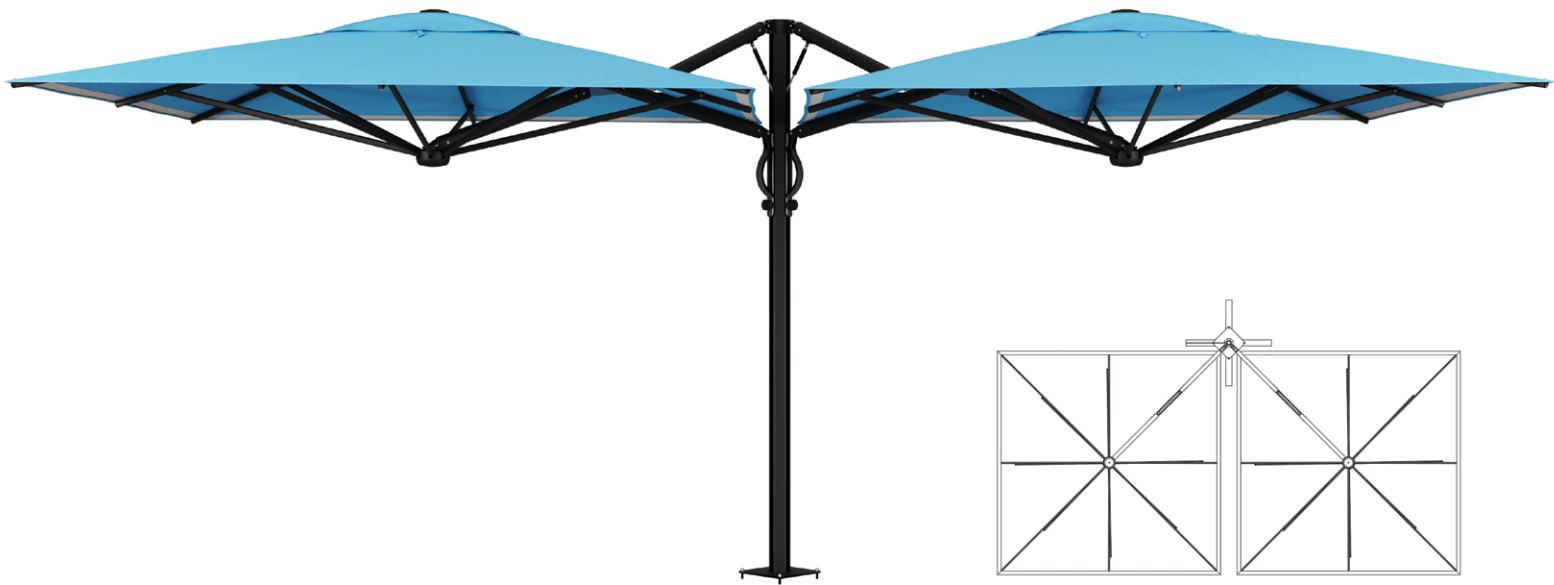

- Dual and Quad Multi canopy design for maximum shade.
- 'Zero effort' gas strut assisted opening and closing.
- Superior strength and ability to withstand wind.
- Marine-grade powder coated aluminium frame.
- 5 Year residential back-to-base warranty on the frame*.
- European made acrylic canvas fabric with 10 year residential use warranty*.
- Water resistant UPF 80 UV rated.

*3yr commercial back-to-base frame warranty

*5yr commercial fabric warranty

GALAXY DUAL

The Galaxy Dual provides approximately 18m² of shade. The single mast cantilever design keeps the mast off to one side allowing for full unobstructed use of the shaded area. Both canopies operate individually with a 'zero effort' gas strut opening and closing system. Guttering options are available to connect the individual canvases together to increase the shade area and divert rain away.

GALAXY QUAD

The Galaxy Quad provides approximately 36m² of shade. The quad canopy configuration maximizes the shade and usable space below with a single mast pole in the centre. Each canopy operates individually with a 'zero effort' gas strut opening and closing system. Option for Triple canopy is also available (POA). Guttering options are available to connect the individual canvases together to increase the shade area and divert rain away.

Galaxy Dual with Carbon Black frame and Off White (R117) fabric.

FEATURES

Every component of the Galaxy umbrella has been carefully developed and engineered to be strong, durable and to last even in the most exposed environments.

INSTALLATION OPTIONS & ACCESSORIES

Your Galaxy umbrella requires some assembly. The mast and canopy frames come as separate preassembled parts that will take 2-3 people to connect together. Easy to follow instructions are provided. There are three different installation options. You can install your Galaxy onto a wooden deck, a concrete patio or install into the ground using an in-ground kit.

WOODEN DECK
INSTALLATION KIT

Set of bolts and detailed installation instructions.

CONCRETE PATIO
INSTALLATION KIT

Set of concrete screws and detailed installation instructions.

IN-GROUND
INSTALLATION
FITTING

For installation into a patio or the ground.

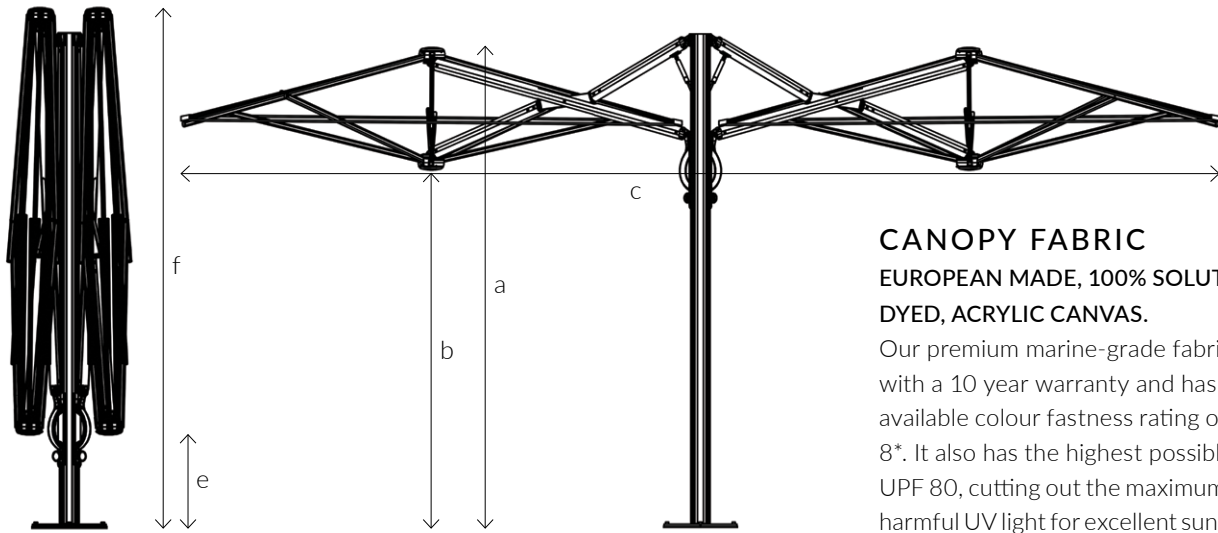

CANOPY GUTTERS

Connects the canvases together providing extra shade and diverts rain away.

COVER BAG

Highly recommended and easy to use. Will double the life of your umbrella fabric.

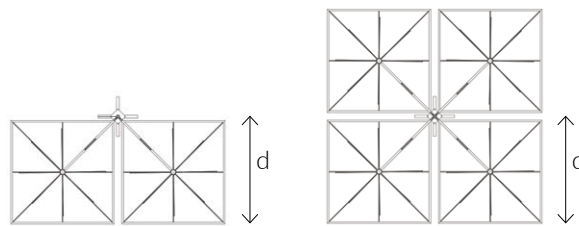

CANOPY FABRIC

EUROPEAN MADE, 100% SOLUTION-DYED, ACRYLIC CANVAS.

Our premium marine-grade fabric comes with a 10 year warranty and has the best available colour fastness rating of 7-8 out of 8*. It also has the highest possible rating of UPF 80, cutting out the maximum amount of harmful UV light for excellent sun protection.
